Term 4

English Writing

As writers we will be letter writing.

English Reading

As readers we will be reading Journey to Jo'burg by Beverly Naido.

Maths

As mathematicians we will be looking at algebra, learning to identify patterns and solve equations. We will also be looking at area and perimeter.

Geography

As geographers we will be learning about renewable and non-renewable energy sources, where they come from and their impact on society, the economy and the environment.

DT

As design technician, we will looking at the history and traditions of kites. We will then design, make a prototype, then the final design to be made and evaluated.

Science

As scientists will be continuing to explore evolution. We will understand the concept of evolution through looking at fossils and exploring the ideas of adaptation, inheritance and natural selection.

RE

In RE, we will be
Buddhism Holy celebrations, Buddhism World Data, Buddhism religious food— tasting & exploring, Buddhism Holy research, Buddhism Holy cooking, Buddhism Quiz.

WHOLE SCHOOL RE PROJECT:
Design, make and Evaluate for the RE display, outside the ICT room— a religious theme will be picked once a year for all chn to explore.

Computing

In Computing, we will be finding out what a text adventure is. We will then plan our own story adventure to make and share with younger children.

PSHE

As citizen we will discuss taking responsibility for our own physical and emotional health and the choices linked to this. We will learn about different types of drugs and the effects these can have on people's bodies. We learn about exploitation as well as gang culture and the associated risks. We also learn about mental health/illness and that people have different attitudes towards this. We will learn to recognise the triggers for and feelings of being stressed and that there are strategies we can use when we are feeling stressed.

PE

As sporting stars, we will be playing volleyball - We will focus on developing the skills we need to play continuous rallies in volleyball, about the ready position, ball control, sending a ball over a net and how to use these skills to make the game difficult for their opponent.

We will also be learning yoga; about mindfulness and body awareness. We will learn yoga poses and techniques that will help us to connect our mind and body and improve our well-being by building strength, flexibility and balance.

Music

As musicians we will be exploring notation further and learning about how music can teach us about our community.
