Term 6

English Writing

As writers we will be writing a story based on a magical object and a non-chronological report based on a magical creature.

English Reading

As readers we will be reading Harry Potter and the Philosophers Stone by JK Rowling.

Maths

As mathematicians we will be continuing with positon and movement, exploring graphs and averages and solving mathematical problems.

Geography

As geographers we will be observing, measuring, recording and presenting their own fieldwork study of the local area.

DT

Year 6 children will learn about bird houses and why they are constructed for birds in our environment. They will get the chance to research common birds and design a bird house suitable for a bird to nest in .

Science

As scientists will be looking at humans and how we keep healthy.

RE

In RE, we will be Comparing all 7 and YOU! All religious questions All religious symbols, Holy book stories – from Quran, bible, Torah, All Creation s of the world, Human evaluation puppets, who's world is it, All religions afterlife, Religions, Own Researching on all faiths

Computing

In Computing, we will be learning to use spreadsheets to help with organising data, use formulae to work out calculation and learn how to use a spreadsheet to help with money management.

PSHE

As citizen s we will learn about puberty in boys and girls and the changes that will happen; we will learn to reflect on how we feel about these changes. We will also learn about self-esteem, why it is important and ways to develop it. Finally, we will look at the transition to secondary school and what we are looking forward to/are worried about and how we can prepare ourselves mentally.

(Languages)

PE

As sporting stars, we will become athletes where we will be set challenges for distance and time that involve using different styles and combinations of running, jumping and throwing. We will learn the following athletic activities: long distance running, sprinting, hurdles, high jump, triple jump, discus and shot put. We will be continuing with swimming this term. We will focus on swimming more fluently and with increased confidence and control. We will improve our swimming strokes, learn personal survival techniques and how to stay safe around water.

Music

As musicians we will be learning to use chords and structure. We will also be learning how music can shape our life.
